

Jane DUNKERLEY

I have owned and managed a highly successful Finance Company in Hastings since 1983. My business ethos is to build and maintain solid relationships, to understand and empathise with people's desires. My clients reach across a broad stratum of our local community.

I believe in hard work and working smart. I am well versed in setting objectives and developing strategies to reach goals.

Hawke's Bay has always been my home. I have a clear understanding of our seasonal environment and the impacts of climate and the economy on our rural lifestyle.

I served on the Wine Country Credit Union board for eight years. I am involved with the Lindisfarne College Parents' and Friends Association, convening the winning annual Gala.

I am married to Peter and have a 15 year-old son.

I believe I have the skills to make a sound contribution and the common sense approach to represent all consumers.
