

Ken GILLIGAN

MNZM

As Chairman of the Trust from 1999 to 2008, I gained a solid knowledge about the Trust and the special needs and interests of Hastings and Napier consumers, as owner-shareholders of Unison Networks Ltd. I see my role as a Trustee is to ensure the interests and rights of every consumer are protected and looked after and I will do just that. We must have a stable and

regular supply of electricity for all.

From 2003 to 2008 I was also Chairman of the Energy Trusts of New Zealand Inc.

Currently Chairman of the Cranford Hospice Board, Napier Family Centre Financial Trust member, a member of the Board of Maritime New Zealand, a director of City Medical Ltd, Napier, and Chair of the Taradale Club Board of Management.

2011 Queen's Birthday Honours – appointed as a Member of the New Zealand Order of Merit, for services to business.
