

Alan Taffy PAINE

I have previous experience as a Trustee of HB Power Consumers' Trust and am currently the owner and Managing Director of HB Electrical Inspection Services with experience in all fields of electrical distribution and utilisation.

I believe that UNISON is Hawke's Bay's most valuable asset and must remain owned by the people of Hawke's Bay. Our power should be delivered at the lowest possible cost and regular

dividends should be paid and adjusted to inflation to ensure consistent value to its owners. Therefore I am one hundred percent committed that Unison remains in Trust ownership.

I am a past President of the NZ Electrical Safety Organisation and have previously worked as a Consumer Manager and Chief Inspector for the former Napier City Electricity Dept.

I am a past member and President of Napier West Rotary Club and am married to Krystyna with two adult daughters.
