

Unison Electricity Distribution Line Charges

Hawke's Bay pricing region

Effective 1st April 2010

Disclosure pursuant to the Electricity (Information Disclosure) Requirements 2004. Unison is the fourth largest electricity distributor in New Zealand, and is responsible for the design, development and maintenance of the electricity lines network that delivers power to homes and businesses in the Hawke's Bay region. Unison's electricity lines charges are a component of the electricity account you will receive from your electricity retailer. These charges are not the same as the electricity retail charges that appear on consumer accounts. Retail charges include other costs, such as energy purchases, that are packaged by retailers into electricity retail tariffs. Other lines and Use of System charges or conditions may also apply. Please refer to the full Unison Pricing Schedule on Unisons website www.unison.co.nz. GST is additional to all listed charges. If you have any questions or would like more information on these charges, please contact your electricity retailer.

Tariff Code	Customer numbers	Tariff Description	Line Charges effective 1 April 2009			Charge Type	Line Charges effective 1 April 2010			Date line charge was first introduced
			Transmission Rate	Distribution Rate	Total Rate		Transmission Rate	Distribution Rate	Total Rate	
Unmetered										
E-H-U01-UNMT	268	Un-metered supply (other than streetlighting) variable charge	\$ 0.0195	\$ 0.0714	\$ 0.0909	\$/kWh	\$ 0.0200	\$ 0.0731	\$ 0.0931	1 March 2004
