

UNISON ELECTRICITY DISTRIBUTION DELIVERY PRICES

ROTORUA & TAUPO PRICING REGION EFFECTIVE 1 APRIL 2019

Disclosure pursuant to the Electricity Distribution Information Disclosure Determination 2012. Unison is responsible for the design, development and maintenance of the electricity lines network that delivers power to homes and businesses in Hawke's Bay, Taupo and Rotorua. Unison's electricity delivery charges are a component of the electricity account you will receive from your electricity retailer. These charges are not the same as the electricity

retail charges that appear on consumer accounts. Retail charges include other costs, such as energy purchases, that are repackaged by retailers into electricity retail charges. Other lines and Use of System charges or conditions may also apply. Please refer to www.unison.co.nz for the full Unison Pricing Schedule. If you have any questions or would like more information on these charges, please contact your electricity retailer.

PRICE CATEGORY		Units of Measure	Price Code	Total Price 2018-19	Total Price 2019-20

Notes

- All price categories, with the exception of Unmetered U01 and U02, include a fixed daily charge and one or more variable charges. The variable charges that apply to your connection are dictated by the type of meter and metering configuration.
- Of the total prices displayed above, 25 percent of the total price is attributable to transmission charges for the transmission of electricity across the national grid to Unison's network.
- Residential TOU - Peak consumption (ONPK) is measured during the periods 7am to 11am and 5pm to 9pm every day.
- On Peak Demand (OPD) is the kW's delivered over the half hour period of maximum demand between the hours of 7am and 11am, and, 5pm and 9pm, on a working day.
- Summer is the period 1 October to 30 April, Winter is the period 1 May to 30 September.
- Anytime Maximum Demand (AMD) is the kW's delivered over the half hour period of maximum consumption during the month to which the charges apply.
- The kVAR amount represents twice the largest difference between the kVARh amount recorded in any one half hour period and one third of the kWh recorded in the same half hour period. The charge is applicable only during week days, between 7am and 8pm.
- Day (CTUD) is the period between the hours of 7am to 11pm and Night (NITE) is between 11pm and 7am.
- Variable price options for Commercial customers are based on kWh consumption; MC-24UC, MC-CTRL, MC-NITE & MC-CTUD apply to MC1 and MC2 installations only.
- All prices are quoted exclusive of GST
