

Electricity Distribution Information Disclosure Determination 2012, section 2.4.9 Prescribed Terms and Conditions of new Standard Prescribed Contracts section 2.4.9 For Unison for the Disclosure Year ending 31 March 2017	
Name of electricity retailer or number of other parties contracted	Switch Utilities Limited
Type of contract (standard or non standard)	Standard (Interposed electricity retailer agreement)
Date of contract	14 October 2016
Date and description of contract modifications	
Description and quantity of goods or services	Line function services to all connections for which the retailer is responsible on Unison's network. The quantity of delivery service provision is determined by connection metering.
Price (for standard contracts only)	Standard published prices for delivery services; http://www.unison.co.nz/tell-me-about/unison-group/publications-disclosures/pricing-information/pricing-disclosures
Timing of payment and security for payment	The settlement date for each Tax Invoice issued by the Distributor will be the 20th day of the month in which the Tax Invoice is received, or if the 20th day of the month is not a Working Day, the first Working Day after the 20th day. Security of payment is met in accordance with The electricity Industry Participation Code Part 12A - Distributor use-of-system agreements and distributor tariffs.
Security of supply obligation summary	Standard levels of security and restoration are provided as set out in our Security of Supply Criteria and Service Levels in our published Asset Management Plan; http://www.unison.co.nz/docs/default-source/default-document-library/tell-me-about/unison-group/amp/unison-amp-2013.pdf?sfvrsn=4
