

UNISON ELECTRICITY DISTRIBUTION DELIVERY PRICES

HAWKE'S BAY PRICING REGION EFFECTIVE 1 APRIL 2026

Unison Networks (Unison) is responsible for the development and operation of the local electricity distribution network in Hawke's Bay, Taupō and Rotorua. We take electricity generated at power stations and transmitted by Transpower and distribute it through our network to consumers.

Owned by the Hawke's Bay Power Consumers' Trust, Unison works to ensure a reliable and resilient electricity service to consumers, manage demand across the network, and integrate renewable energy resources into our local grid.

Electricity distribution charges, which incorporate changes to transmission charges, have been updated in line with the new Commerce Commission allowances.
